to schedule your appointment and
mention "Summer" for these limited time offers.

The Arizona State University speech and hearing clinics provide high quality professional services to individuals of all ages, infants through senior citizens, with needs in communication and hearing improvement. The clinics also serve as training and research facilities for bachelor's, master's, and doctoral programs in audiology and speech-language pathology. The ASU Department of Speech and Hearing Science is a distinguished educational and research program recognized throughout the country, with emphasis placed on using science as the foundation for clinical practice.
